

### ✓ OVERVIEW

Our Information Security Training program provides essential knowledge and skills to protect against advanced cyber threats, ensuring robust security in today's digital age.

### ✓ SIGNIFICANCE

Effective information security training is crucial in today's digital age to prevent data breaches and cyber-attacks, safeguard reputation, and maintain customer trust by enabling teams to tackle and reduce cyber threats.

## WHO SHOULD ATTEND

- ✓ IT professionals looking to enhance their security skills.
- ✓ Business leaders and managers responsible for data protection.
- ✓ Employees at all levels to foster a security-aware culture within the organization.
- ✓ Compliance officers to ensure adherence to regulatory requirements.
- ✓ Individuals seeking professional certification to advance their careers in cybersecurity.

## SPECIALIZED TRAINING FOR INDUSTRY-RECOGNIZED CERTIFICATIONS

### CEH

**Certified Ethical Hacker (CEH):** Master the skills needed to think and act like a hacker. Learn advanced techniques for penetration testing and vulnerability assessment.

### COMPTIA SECURITY+

**CompTIA Security+:** Gain a strong foundation in key security concepts, including network security, compliance, and operational security, threats and vulnerabilities, and application, data, and host security.

### CISSP

**Certified Information Systems Security Professional (CISSP):** Comprehensive training covering all aspects of information security, perfect for those aiming for leadership roles in the field.

### CISM

**Certified Information Security Manager (CISM):** Focus on management and governance of information security programs, suitable for professionals seeking managerial positions.

### CISA

**Certified Information Systems Auditor (CISA):** Specialized training for professionals looking to audit, control, monitor, and assess information technology and business systems.

## WHAT WE OFFER

- 01 FOUNDATIONAL KNOWLEDGE
- 02 THREAT IDENTIFICATION
- 03 BEST PRACTICES AND POLICIES
- 04 INCIDENT RESPONSE
- 05 COMPLIANCE AND REGULATIONS

Our interactive and engaging training sessions ensure that participants not only learn but also retain and apply the knowledge effectively. We utilize real-world scenarios and hands-on exercises to prepare your team for any security challenge they may encounter.

**Investing in information security training is investing in the future security of your organization. Protect your assets, secure your data, and stay one step ahead of cyber threats with NEXSYS.**
